All the District Educational Officers and the Regional Joint Directors of School Education in the State are informed that the transfer counseling process of teachers was taken up during the month of May, 2013 in the State. Further instructions were issued to all the District Educational Officers in the State in the reference 3rd read above that, "The Teachers (including subject teachers) who are on transfer shall be relieved from the present place of working subject to the condition that there shall be 50% of regular teachers working in the schools and only the senior-most teacher shall be relieved. On account of transfers no schools shall remain without teachers, in such cases the teachers shall be relieved only after joining of substitutes".

Now, some of the teachers who were issued transfer orders during the transfer counseling in May, 2013 and some of the teacher unions are frequently requesting for relief of those teachers who have received transfer orders in the transfer counseling and who could not be relieved from the school for want of subject teachers/substitutes.

Therefore, the District Educational Officers and Regional Joint Directors of School Education are instructed to examine the implementation of orders issued in the reference 3rd read above. (a) They shall identify the teachers and schools where the transfer orders are issued to the teachers but could not be relieved till today for want of subject teachers/substitutes. (b) Implications involved in case of relief; (c) Whether any school is likely to become a single teacher school or no teacher school, in such a school how many teachers will be left in case the teacher (under orders of transfer) is relieved and (d) What is the enrolment.

(P.T.O.)
